| | |
|---|---|
| Project Title | Create and Coordinate Global Mental Health Resources for the World! |
| Project Summary | Create Global Mental Health resources and bring quality information to development colleagues who are implementing mental health and psychosocial support services in the areas of the world who need it most. |
| Country | United States |

## Project Description

The goal of this project is to work with the USAID Senior Mental Health Advisor and the USAID Mental Health and Psychosocial Support (MHPSS) Working Group in creating and accessing quality information and resources to use in their programming. Build on your interest in global mental health by supporting the creation of tools such as an MHPSS Resource Library, weekly dissemination of new research/tools/news, creating guidance documents for mental health programming that are user-friendly and accessible, and supporting a global MHPSS Evidence Summit.

## Required Skills or Interests

| Skill(s) |
|---|
| Cultural diplomacy |
| Design thinking |
| Editing and proofreading |
| Research |
| Writing |

## Additional Information

We're looking for someone who has an interest and coursework in mental health and psychosocial support to bring those skills to the world. This is your chance to really effect change for millions of people globally who

are in need of mental health and psychosocial support services. You'll be a step ahead of your peers by having access to global guidance, programming, and leaders in global mental health.

## Language Requirements

*None*
